PTFA Fundraising Update

Thank you for your continued support!

Together we make a difference

Important Information PTFA

Could you help us make a difference through our PTFA?

We are looking to strengthen and develop our Parent, Teacher and Friends Association (PTFA) and are appealing to our wider school community for volunteers who can share their time, experience, skills and ideas during the school year.

The PTFA has an important role to play in the life of our school. It provides a valuable bridge between families and school staff, helping us work together to support our children's learning, wellbeing and wider school experience.

Alongside the work already undertaken by the school, the PTFA can provide additional opportunities and resources that directly benefit our children. Through fundraising, community support and social activities, we can help to:

- Raise vital additional funds to enhance our children's experience at school – from extra classroom resources and supplies, to upgraded playground equipment and support for educational visits and field trips.
- Support learning and wellbeing, helping provide opportunities and resources that may not otherwise be possible through the school's core budget.
- Bring our school community together through events and activities where parents, teachers and pupils can meet, connect and build relationships.
- Strengthen our sense of community and school family, creating a welcoming and supportive environment in which children and adults alike feel connected and valued.
- Build stronger links between families and the school, ensuring that parents and the wider school community have a positive opportunity to contribute to school life.

Importantly, the PTFA is not simply about organising fundraising events. We want to create an effective, well-organised and sustainable group that makes the best possible use of the skills, experience and enthusiasm within our school community.

Important Information PTFA

Could your skills help?

We are particularly keen to hear from parents, grandparents, carers and friends of the school who have existing professional, voluntary or personal experience that could help us establish a strong and effective PTFA.

You don't need previous PTFA experience. Perhaps you have skills in finance, marketing, events, administration, health and safety, fundraising, food and hospitality, grant applications or community engagement. Perhaps you simply have a great idea, useful contacts or a willingness to help.

Taking on a role does not mean that you have to organise everything yourself. And having a committee with dedicated roles and focuses means that jobs are delegated so that actions are as effective and efficient as possible, taking up as little time as possible around our existing day jobs and home lives!

Our aim is to build a team where responsibilities can be shared, people can work together and everyone can contribute according to their skills, interests and availability.

Equally, if you don't want to take on a formal committee role but would be happy to help at events, share a particular skill, make a useful introduction, provide advice or volunteer occasionally, we would love to hear from you too.

We believe that there is a huge amount of experience, knowledge, creativity and goodwill within our school community. By bringing that together, we can create a PTFA that is efficient, effective and ambitious about what it can achieve for our children, while strengthening the relationships and community that make our school such a special place.

Please fill out the Expression of Interest form by Close of business Wednesday 30th September 2026. The link is below (and has been sent out via PING):-

<https://forms.gle/v4aLdKdByDtqceVX6>

Thank you for considering getting involved and for everything you already do to support our school and our children.
